ARE YOU CALLED?

The Summer Seminary Immersion Program is for high school men who are considering a vocation to the Roman Catholic priesthood. The two-week program helps young men discern God’s call while living in Old College, the undergraduate seminary of the Congregation of Holy Cross on the campus of the University of Notre Dame. Coursework will allow young men to study the theology of the priesthood through historical, sacramental, Scriptural, and ministerial lenses. The daily schedule includes Mass, the Divine Office, and experiences of community life. Participants will also have the opportunity to engage in social and service activities with students enrolled in the Notre Dame Summer Scholars Program.

Discerning a call to the priesthood is not easy. The Summer Seminary Immersion Program helps young men consider whether a college seminary program is a step they should take.
